

Dear Parent/Carer,

Our school has a Homework Policy that was developed with parents and carers in 2017. It gives parents a choice to opt-in or opt-out of homework.

There were many reasons for and against children having homework provided and we understand that every family is different and values different approaches.

Please inform your child's class teacher, whether you are Opting-in or Opting-out of your child's participation in Homework, by returning the note below.

If this form is **not** returned it will be assumed you are OPTING OUT of homework for your child.

Kind regards,
Mrs Lauren Fernando
Principal
